Jim,

It is my understanding that Margo is doing that meeting because it looks like it will just be reporting out on the status of things. Had a message from Chris about this yesterday. I thought you were part of the chain. Sorry.

Hi Amy-sorry to bother you with this but I could use your advice on something. I will be in DC next week with some friends from out of town. It turns out they would love a tour of the WH. Who knew?

It is too late to arrange one thru a member of Congress (must be 30 days in advance). So my question is do you have any advice for me on other avenues I could look into.

I realize this is probably the last thing you would spend any time on so "no" is a perfectly fine answer.

Hope things are well with you and would like to catch up sometime soon.

Hi Chris,

Thanks for the fast response. Sure, a phone call would be fine.

For the next 10 days or so I am out of the country and about 9 hours ahead of DC and in and out of mobile phone range.

If we can set a day and time next week I will be sure to be available. After the 29th I will be in DC for awhile.

Best number is my mobile (b) (6)

Thanks again.

Dear John,
Would it be possible for Carol to speak with you by phone and if following your conversation you feel a meeting is still need we can arrange.

What is the best number for her to reach you on?

Thanks very much.

Hi Kate,

I am a Deputy Assistant Administrator at EPA and worked closely with Carol while she was here.

I would like to meet with her for 30 minutes to discuss to climate related issues in which she has expressed interest: Partnership for Clean Indoor Air, and hemisphere transport of air pollution.

Before we move ahead with these I would like to give her a heads up and see what, if any, continuing role she would like to play in them.

Any time the weeks of April 6th or 13th would be great.

Thanks for your help.

Hi Kate,

Hope you survived last week. Great job to all of you. I know how hard those all out efforts can be.

Is there any chance we could set a day this week and a window of say a couple of hours that I could try to ensure that I am reachable by cell phone for Carol?

Also, did that chap from the UK, (b) (6) , get an appointment with Carol?

Thanks Kate.

Jonathan will be presenting this Sunday.

Attached is a slide deck (with notes addressing more or less what we'd say about the slides) we plan to use.

Do you have any comments on these (both slides and notes)? I drew from cleared material from both of your agencies to minimize the challenges of reviewing. If you make changes, can you put in another color so we can tell what you've changed?

I am leaving today, but will pick up any changes you propose when I arrive in Bangkok.

Please copy Kate Larsen and Emily McGlynn (Jonathan's new special assistant) on your responses, as I will be en route for the next 30 hours.

Thanks very much,

Christo

As I mentioned yesterday, we anticipated this (b) (5) late this week or early next. I will attend on behalf of EPA (and I suspect the meeting is really about regulatory coherence and not regulatory reform....)

(b) (5)

Btw, the TPSC is a senior staff level inter-agency group, the next level is typically DAA or AA level. Let me know if you're interested in attending.

Thanks for your note). Good to here about you and the golfing buddies and that things are good with you.

Talked to Gordon Binder this morning. You and he are talking later today I understand. One of my comments on BRs speech was to clarify the roles of Rodger Porter and Bob Grady.

Summer has been crazy for me. Coming and going--mostly going. But it was great to get the bicycle trip in VT in.

I will be in town next week with some friends from Mn. They are hoping for a WH tour. Addie tells me those have to be cleared a min of 30 days in advance. I am sure she is correct. Do you know of any other avenues I could try? If not no worries.

Hope to see you next week or the week after. Its is looking good for me to finish my current gig on or about Oct 1.

Take good care. Love to Barb.

Hi all -

just wanted to give all a quick update. Scott spent a considerable amount of time walking the Administrator through the issue and explaining the various options and possible consequences. (b) (5)
